

I listen to K-Love, which is often heard on FM translators. I don't want to see K-Love forced off the air if LPFM is given priority over FM translator service. I've been listening to K-Love for three years now and it provides me with encouragement that I now could not live without. My community would be deprived of an excellent source of Christian programming that is unique and a great ministry if it were to be displaced by an LPFM broadcaster providing other programming. I believe that the service provided by K-Love is in the public interest because people in my community like me can listen to encouraging programming and email prayer requests or call to talk to pastors on staff if needed. Many lives are saved simply because people considering suicide call and get help that prevents them from ending their lives. Also, it is a great way to minister and share the gospel message, which has come under attack and is being denied in so many other venues. Please allow us to keep K-Love on the air so it can continue to make a positive impact in my community and those across the nation.
